Phone **1800 623 350** for all sales and application support by our fully trained application engineers.

Solutions for everyday

Products and solutions for all your application needs

Power receiving and transforming equipment • Power control boards • Switchboards

Verify phase rotation	Test insulation	Test supply voltage	Verify load current
			
PD3259-50 PD3129	IR405Xs	DT42XXs	CM437Xs CM414Xs

Detect leakage current	Detect electrical disturbances • Analyze power quality	Record and analyze electrical consumption	Test 5kV insulation
			
CM4001 CM4002 CM4003	PQ3100 PQ3198	PW3360 PW3365	IR3455

UPS

Power generators

Test battery resistance and voltage	Verify motor insulation	Test supply voltage	Test load current	Verify phase rotation
				
BT3554-51 KIT BT3554-52 KIT	IR405Xs	DT425Xs DT428Xs	CM437Xs CM414Xs	PD3259 -50 PD3129

Strength in Partners

Power Parameters have been supplying the Australian electrical market with quality Hioki Field Measurement Instruments for more than 56 Years, having local expertise for Sales, Service, Repair and Calibration of all brands of instruments in addition to the Authorised Hioki Service Centre.

Call **1800 623 350** speak to local support to organise the pick-up, repair/service and return of you product Australia wide.

For service, calibration and repairs contact 1800 623 350
